

Accessibility Policy and Plan

Reviewed January 2021

The Stour Academy Trust

At Adisham CEP we are driven by our deep rooted Christian commitment to the children's well-being and education. We want to develop a safe and exciting environment where all God's children flourish through opportunities and collaboration in a nurturing environment to become lifelong learners.

This Accessibility Plan is compliant with current legislation and requirements as specified in The Special Educational Needs and Disability Regulation, 2014, the Disability Discrimination Act and the Equality Act 2010. School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.

It should be read in conjunction with the following policies, strategies and documents of the school:

Teaching and Learning Policy
Complaints Policy
Equal Opportunities Policy
Charging and Remissions Policy
Health & Safety Policy
Homework Policy
School Behaviour and Anti-Bullying Policy
Well Being and Involvement Policy
SEND Policy
Premises Management: Security and Procedures

Adisham C or E School Accessibility Plan has been drawn up based upon information supplied by the Local Authority and in conjunction with its stakeholders and will advise other school planning documents. The Accessibility Plan will be reported upon annually in respect of progress and outcomes, and provide a projected plan for the three year period ahead of the next review date.

This Accessibility Plan is structured to complement and support the school's Equality Objectives, and will similarly be published on the school website. We understand that the LA will monitor the school's activity under the Equality Act 2010 (an in particular Schedule 10 regarding Accessibility) and will advise upon the compliance with that duty.

Adisham C of E Primary School is committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion. Currently the school does not have any pupils, staff or parents with disabilities requiring additional access.

The school plans, over time, to increase the accessibility of provision for all pupils, staff and visitors to it. We will take relevant actions to:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as are the pupils

without a disability. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.

- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks, and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

IMPROVING THE CURRICULUM ACCESS

TARGET	STRATEGY	EXPECTED OUTCOME	TIMEFRAME	IMPACT
Training for teachers and support staff on Children with Special Needs (as detailed in SEND action plan).	Review the needs of children with specific issues, provide relevant training.
